

DID YOU KNOW?

NuEnergen Has a Dedicated Environmental Compliance Division

At NuEnergen, we don't just manage your energy — we ensure your operations remain fully compliant with all environmental regulations. Our Environmental Division offers deep expertise in air, water, and waste management, as well as building compliance, fire protection, and violation mitigation.

Trusted by leading public and private institutions, hospitals, universities, and government facilities nationwide, our team helps clients navigate the complexities of federal, state, and local environmental requirements with confidence. Whether it's permitting, certification, or compliance strategy, NuEnergen's environmental experts are your partners for complete regulatory peace of mind.

Your One Source for Full-Spectrum Environmental Compliance Solutions

Services offered include:

AGENCY & REGULATORY PERMITS

Permit Acquisition for All Environmental Projects

Permits to Construct & Certificate to Operate

- Power Plants
- Cogent Facilities
- Incinerators
- Boilers
- Fuel Oil Tanks
- Emergency Generators
- Spray Paint Booths & Fume Hoods
- Co-Generation Systems
- Sterilizers
- RPZ/BFP (*Back Flow Preventer*)
- Chillers/Absorbers, Cooling Towers, RTU
- Fire Protection Plant (*FPP*)
- Fire Safety & Evacuation Plan
- Place of Assembly
- OTCR Approvals
- DOE EIA 860 & 923
- Tier II Reporting
- Part 494
- NYC Local Law 97 & 84

Title V Permits (Major, Synthetic Minor & Minor Source)

- Compliance Reports (ACR, SACR, QCR & AES)
- Annual Inspection Assistance
- PE Certifications
- Permit Renewals and Permit Condition Negotiations
- Excess Emissions Reports (*EER*)
- Proprietary, Copyrighted compliance Determination Calculations & Certification
- NYCDOB & FDNY Permits & Related Violations Corrections

AIR & WATER QUALITY MANAGEMENT

Emission Assessment

- Source Identification (*Boiler, Generator, Incinerator, Ethylene Oxide Sterilizer, Fuel Oil Tank, Co-Gen System, Dry Cleaner, BFP, RPZ, Chillers, CEMS/COMS etc.,*)
- Facility Wide Emissions Inventory (*FWEI*)
- Review of Permit Limits & Compliance Determination
- Title V, State & Minor Source Permits
- Storm Water Management Plans (*SWPPP's*)

Testing

- Stack Emissions (*PM, NOX, SO2, CO etc.,*)
- Method 9 Testing
- Indoor & Ambient Air Quality (*VOC, SVOC etc.,*)
- Boiler, ASME Testing
- Cooling Tower Management

Air Quality Modeling

- Dispersion Modeling
- Fence Line Analysis

Spill Prevention Control & Countermeasure (SPCC)

- Tank Audits & Compliance Assistance
- Oil Handling Training & Certification
- Spill Remediation Assistance
- Spill Case Closure Assistance
- PBS Compliance
- Fuel Oil Tank Compliance
- PE Certification
- DER 40 Training
- Community Right to Now

MEDICAL & SOLID WASTE MANAGEMENT

Waste Characterization

- Infectious/Hazardous/Industrial
- Combustion & Flow Determination

Disposal System Evaluation

- System Requirements
- Cost Estimates
- Design Development
- Regulatory Compliance
- Incinerator & Alternative Systems
- Specifications & Bid Drawings
- Construction Management

Permits & Certificates

- Review of Permit Conditions
- Negotiations with Regulatory Agencies
- Permits to Construct, Certificates to Operate & Renewals
- Periodic Deadline Reminders
- Continuous / Annual Compliance Upkeep Engineering / Bidding Process / Project Management
- City Environmental Quality Review (*CEQR*)

Hazardous Waste Management

- Identification, Classification, Generation, Management & Disposal Assistance
- HWMP & Training
